- (a) To reimburse the LESSEE for any financial amount that the LESSEE may have expended in commencing and/or completing any of the aforesaid necessary renovations and improvements and in performing any aforesaid necessary work; and
- (b) To reimburse the LESSEE for any financial amount the LESSEE may have expended in connection with locating and moving to new quarters.

The term of this lease hereinbefore mentioned in Section Two (2) and the rental commencement date shall commence on the date of the delivery of possession of the demised premises to the LESSEE and such lease term shall terminate five (5) years later. As used in this lease, the

term "date of delivery of possession" shall mean the date upon which all of the following have occurred:

- (a) The Department of Public Works' receipt of the LESSOR'S said notice of the completion of the renovations, improvements and work, accompanied by a copy of the certificate of occupancy;
- (b) The written acceptance, by the LESSEE'S Department of Public Works, of the LESSOR'S renovations, improvements and work;
- (c) The written acceptance of the demised premises by the LESSEE'S Department of Public Works; and
- (d) The LESSEE'S actual physical occupancy of the demised premises or when the LESSEE actually opens for business at the demised premises, whichever occurs first.

Nothing herein shall constitute a reduction, restriction or waiver of any other remedies available to the LESSEE under this lease and in law and equity.

- 26. The LESSEE shall not be responsible for any payments or reimbursements under this lease except those expressly provided herein.
- 27. Any modification of this lease or additional obligation assumed by either of the LESSOR or LESSEE in connection with this lease shall be binding only if evidence in writing signed by the LESSOR and the LESSEE or an authorized representative of the LESSOR or LESSEE, and approved by the Attorney General.
- 28. The LESSEE shall not be liable for damage to any property or injury to person caused by the LESSOR'S negligence, omission or misconduct or willful, wanton and intentional acts or caused by the LESSOR'S criminal conduct.
- 29. The LESSEE shall not be liable to the LESSOR and to any person for any loss, damage to any person for any loss, damage to any property or injury to any person occasioned by theft, fire, act of God, public enemy, injunction, riot, insurrection, war, court order, requisition or order of governmental authority, or any other matter beyond the control of the LESSEE.
- 30. The LESSEE shall not have any obligations and duties under this lease except those expressly provided herein.
- 31. The liability of LESSOR to indemnify and save and hold harmless LESSEE shall be effectively protected by insurance. The limits of coverage of such insurance purchased by the LESSOR shall not in any way limit, reduce or restrict the LESSOR'S obligations under any indemnification and save and hold harmless provisions stated in this lease.
- 32. It is agreed that this lease shall be governed by, construed, and enforced in accordance with the laws of the State of Connecticut.
- 33. As special conditions, the LESSOR further agrees to the following:
  - a. The LESSOR, at its sole expense and cost, shall cause the entire premises at 50 Fitch Street, New Haven, CT., to be in compliance with the Americans with Disabilities Act of 1990, as amended.
  - b. That all of the said renovations, improvements and work mentioned in Sections Three (3), subsections (3a.) through (3f.) and Twenty-Five (25), shall be accomplished by the LESSOR within the completion time periods specified in Sections Three (3), subsections (3a.) through (3f.) and Twenty-Five (25) of this lease and the City of New Haven issues the necessary building permits.
  - c. The LESSOR further represents and warrants to the LESSEE that all materials, equipment and work made part of the said renovations and improvements (inclusive of all tenant renovations, improvements and work made on behalf of the LESSEE), shall be new, designed and constructed in a workmanlike manner, free of any defects, including without limitation, design, architectural, engineering, structural, electrical, mechanical, heating, ventilating, air conditioning, or plumbing defects, and in accordance with the terms and conditions of this lease.

d. The LESSOR shall provide the Department of Correction with authorization to contact contractor(s) to repair and maintain mechanical systems, in the LESSOR'S absence, and deduct such repair from the rent, if necessary.

34. The LESSOR shall provide and operate all building equipment and systems in accordance with applicable technical publications, manuals, and standard procedures. Mains, lines, and meters for utilities shall be provided by the LESSOR. Exposed ducts, piping, and conduits are not permitted in office space.

The LESSOR shall ensure that all Computer controlled facility components are Year 2000 compliant prior to acceptance of the space for occupancy by the LESSEE. Prior to acceptance of the space for occupancy by the LESSEE, the LESSOR shall verify Year 2000 compliance as follows:

- (a) By physical testing all Computer controlled facility components;
- (b) By the LESSOR'S written certification to the LESSEE that the LESSOR has performed such physical testing and that all Computer controlled facility components are Year 2000 compliant; and
- (c) By the LESSOR providing written confirmation from the component and/or systems manufacturer that the Computer controlled facility component is or components are Year 2000 compliant.

"Computer controlled facility components" refers to software driven technology and embedded microchip technology. This includes, but is not limited to, programmable thermostats, HVAC controllers, auxiliary elevator controllers, auxiliary equipment, utility monitoring and control systems, fire detection and suppression systems, alarms, security systems, electrical systems, electrical generation systems and any other facilities control systems utilizing microcomputer, minicomputer, or programmable logic controllers.

The terms "Year 2000 compliant" and "Year 2000 compliance" mean the following:

- (a) that each hardware, software, and firmware product ("product") or each developed, modified or remedied item of hardware, software, and firmware ("item") or each service shall be able to:
  - i. accurately assess, present or process date/time data (including, but not limited to, management, manipulation, processing, calculating, comparing, sequencing and other use of date data, including single and multi-century formulae and leap years) from, into, and between the twentieth and twenty-first centuries, and the years 1999 and 2000 and leap year calculations;
  - ii. properly exchange date/time data when used in combination with other information technology; and
  - iii. perform as a system.
- (b) Notwithstanding any provision to the contrary, the remedies available to the State under this Year 2000 compliant shall include repair or replacement of any product and/or item whose non-compliance with the Year 2000 compliant is discovered and made known to the LESSOR in writing.
- (c) Nothing in this Year 2000 compliant shall be construed to limit any rights or remedies the LESSEE may otherwise have under this lease with respect to defects other than Year 2000 compliance.
- (d) In addition, the LESSOR agrees that products or items modified or remedied to achieve Year 2000 compliance will remain unaffected with respect to their functioning or performance except for processing and exchanging date/time data. The LESSOR agrees that products or items not being modified or remedied directly will remain unaffected with respect to their normal functioning or performance.

In the case of the repair/replacement to effect Year 2000 compliance, the LESSOR shall also verify Year 2000 compliance as follows:

- (a) By physical testing each repaired or replaced component or components;
- (b) By the LESSOR'S written certification to the LESSEE that the LESSOR has performed such physical testing and such repaired or replaced component is or components are Year 2000 compliant; and
- (c) By the LESSOR providing written confirmation from the component and/or systems manufacturer that the repaired or replaced component is or components are Year 2000 compliant.

Notwithstanding any provision to the contrary, the LESSOR shall also ensure that all Computer controlled facility components are and will continue to be Year 2000 compliant throughout the duration of this lease, and during any extension or renewal thereof, under the same terms, conditions, covenants, obligations, requirements, procedures and manner, as provided in this Section Thirty-Four (34).

The LESSOR shall protect, indemnify, save and hold harmless the LESSEE, its officers, agents, and employees, against all liability, claims, loss, cost, injuries (including death), damages, compensation and expense, including without limitations, all claims, demands, penalties, actions, causes of action, suits, litigation, proceeding and attorney's fees and costs, arising out of any failure of the LESSOR in any respect to comply with and perform the requirements and provisions under this Section Thirty-Four (34).

In case any such claim, action, cause of action, suit, proceeding, litigation, is brought against the LESSEE, its officers, agents, and employees, by reason of any of the same, the LESSOR shall, at the LESSOR'S expense, resist and defend such claims, action, cause of action, suit, proceeding or litigation, or cause the same to be resisted or defended, by counsel reasonably satisfactory to the LESSEE.

If the LESSOR fails to fulfill its obligations under this Section Thirty-Four (34), the LESSEE in addition to any other remedies, and not in lieu thereof, shall have the right to do one or more of the following:

- (a) Withhold any rental payments during such period of failure;
- (b) Terminate this lease;
- (c) Fulfill such obligations itself and deduct the costs thereof and any expenses connected therewith from rents due or to become due the LESSOR under the terms of this lease; and
- (d) Recovery of all or any portion of such cost and expense by other appropriate means.

35. Each provision of this lease to be performed by the LESSOR shall be construed to be both a covenant and condition, and if there shall be more than one LESSOR, they shall be bound jointly and severally by each and every section and provision of this lease.

36. In no event shall the LESSEE be obligated or liable for any additional rent not expressly provided for in this lease.

37. The LESSEE may record this lease, provided however, that the LESSOR, at the written request of the LESSEE, shall join in the execution of a notice or memorandum of this lease in such form as the LESSEE shall prepare for the purpose of recordation pursuant to General Statutes Section 47-19.

38. If for any reason the terms of this lease or any substantive provision thereof, shall be found to be unenforceable, illegal or violative of public policy, this lease shall automatically be amended to conform to the applicable decision, and the LESSOR and LESSEE hereto expressly agree to execute any amendments necessary to effectuate the goals and purposes of this lease.
